Great news: It seems generosity and passion for human rights is infectious.

In just two weeks, we've received over \$15,000 in donations from people like you who are passionate about supporting the next generation of human rights defenders – activists like **Victoria**, who shares her learnings in the below [video](#) after participating in our 2017 Human Rights Defender Advocacy Programme.

Inspired by the response to our [December fundraising appeal](#), for the next seven days our friends at global law firm DLA Piper have generously agreed to match – dollar for dollar – donations from members of the public.

**That means if you [donate](#) \$100 this week, ISHR will receive \$200!**

[Please help us spread the word about this exciting opportunity for people who believe in human rights to double their impact thanks to DLA Piper.](#)

Big or small, every single donation will help fund our 2018 human rights defenders scholarship programme.

Here's how:

**\$50** I enables ISHR to provide a human rights defender with comprehensive resources, giving them the foundational knowledge they need to use international and regional mechanisms to expose and combat injustice

**\$500** I enables ISHR to provide a defender with strategic advocacy assistance to deliver their testimony to the UN Human Rights Council, allowing their voice to be heard on the international stage

**\$5000** I enables ISHR to provide a defender with two weeks' intensive training and direct advocacy support, together with access to key diplomats and UN experts, empowering them to use international advocacy to contribute to change on the ground

Please, invest in the future of human rights: empower a human rights defender and contribute to transformative human rights change today.

Big thanks to [everyone who has donated so far](#).
